maker

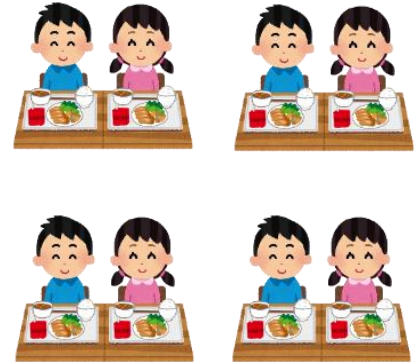

Food donation

companies

Kodomo-shokudous

with double donations

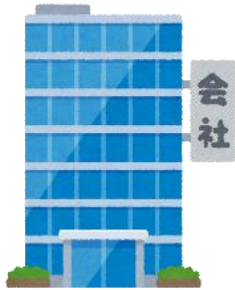

Long-life water is stored in companies

**Kodomo-shokudous
need no water**

Many companies

Nonfood company

dump long-life water

Many companies

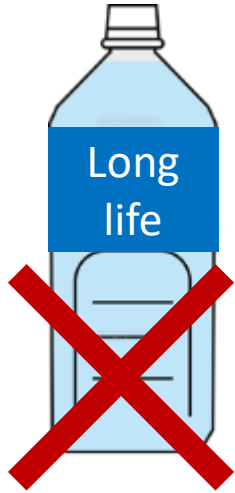

use water in business

Long-life water close to deadline

is not polite to provides

Original labels

make the water reusable

Original labels

for Kodomo-shokudous

Ethical products

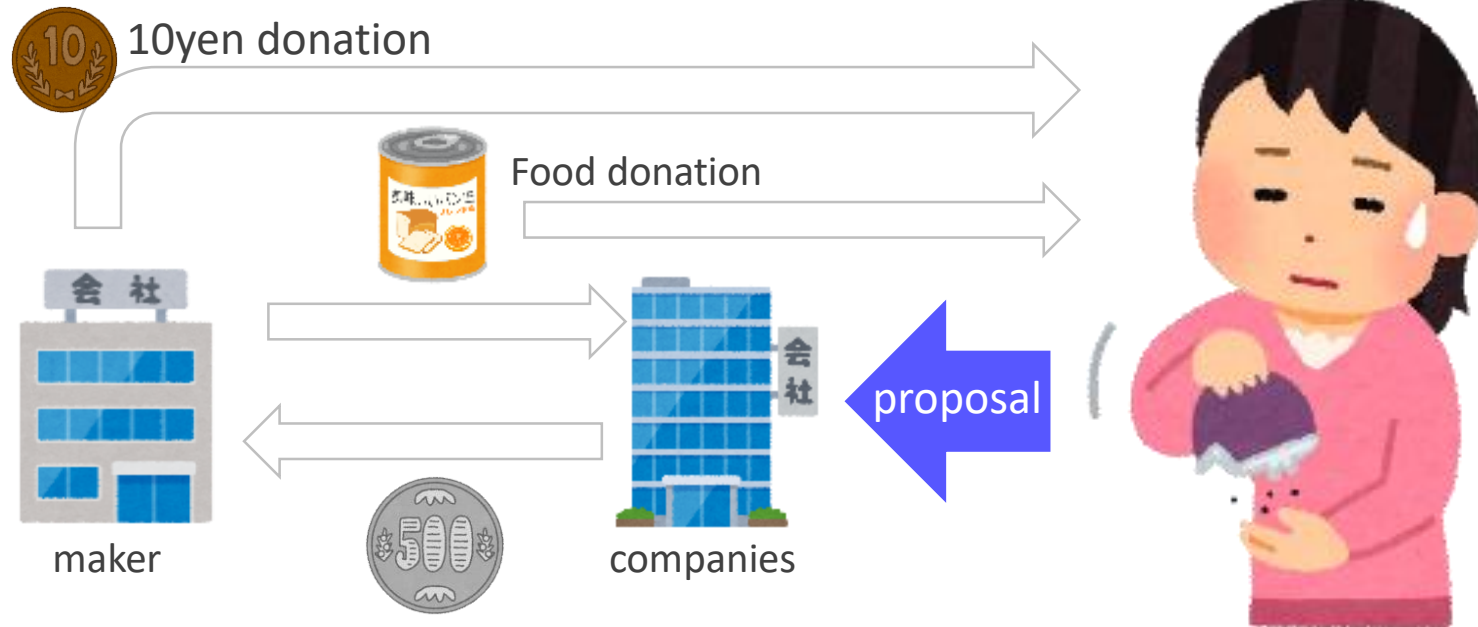

solve all company problems

Kodomo-shokudous have

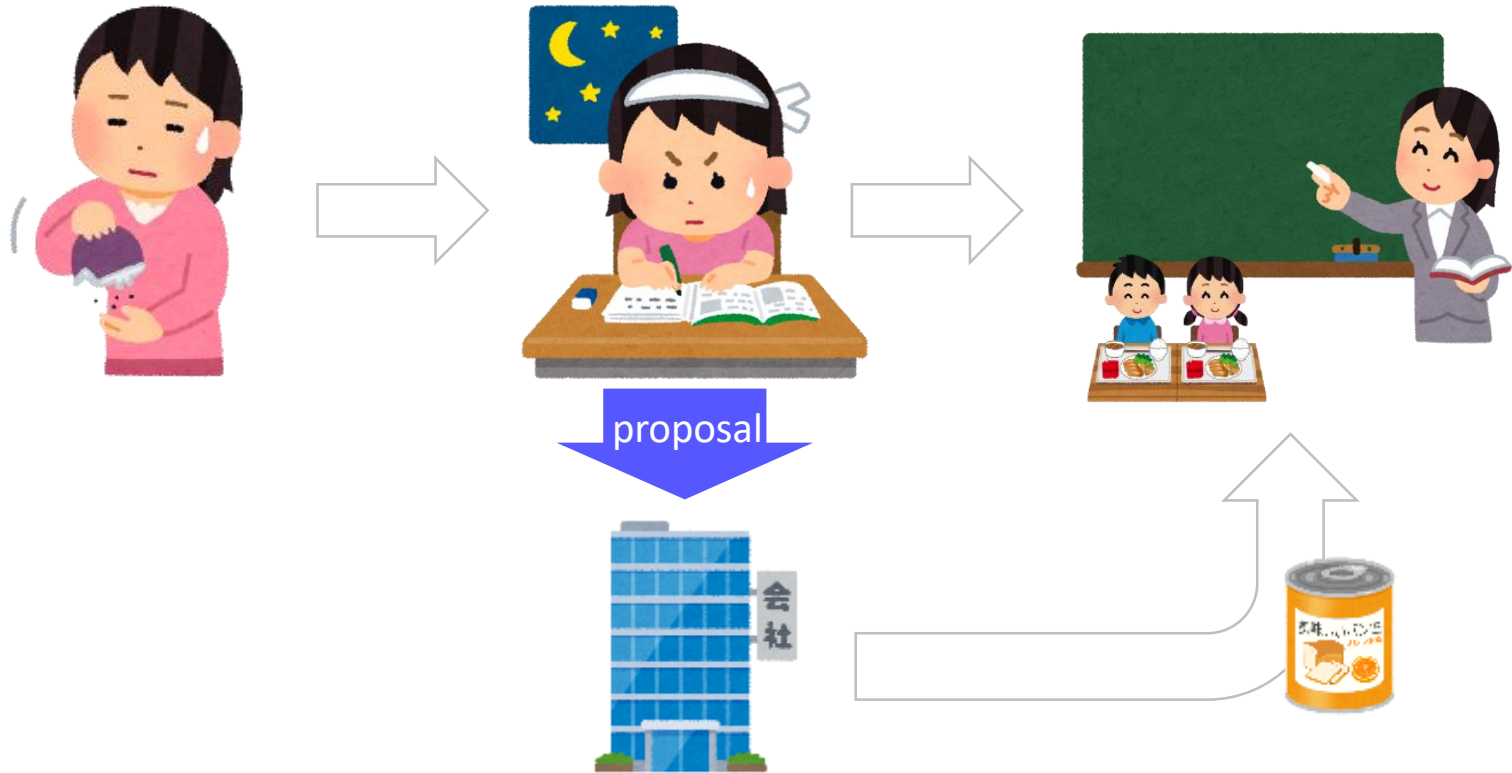

financial problems

Kodomo-shokudous

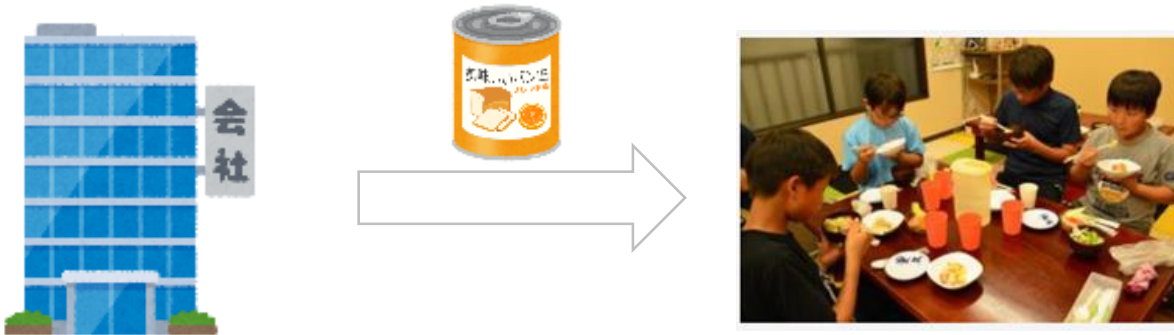

**propose ethical products
for their donation**

Kodomo-shokudous will

**learn and teach children
about bousai**

Some Kodomo-shokudous take

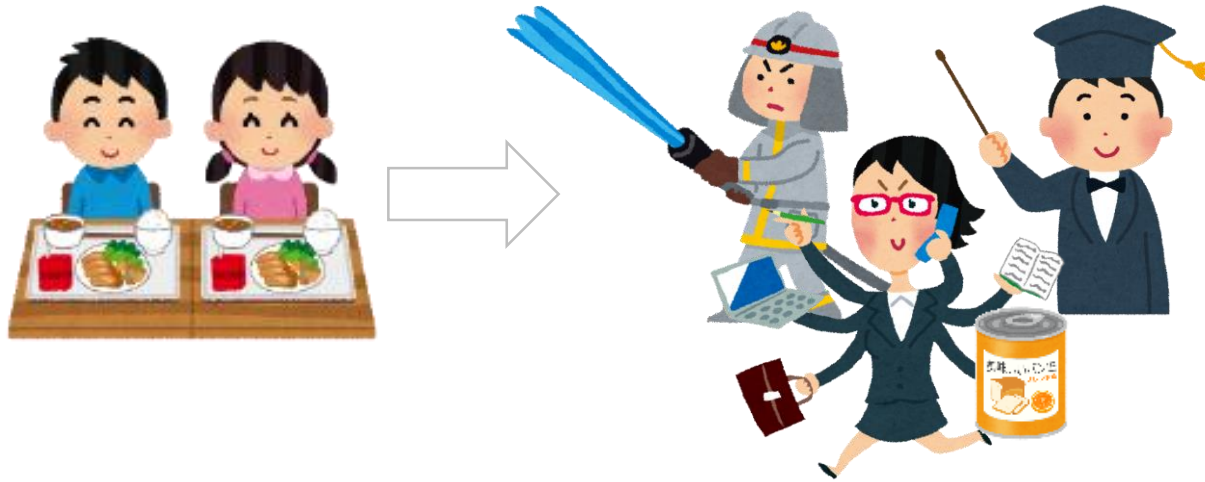

an emergency food party

Ethical emergency products

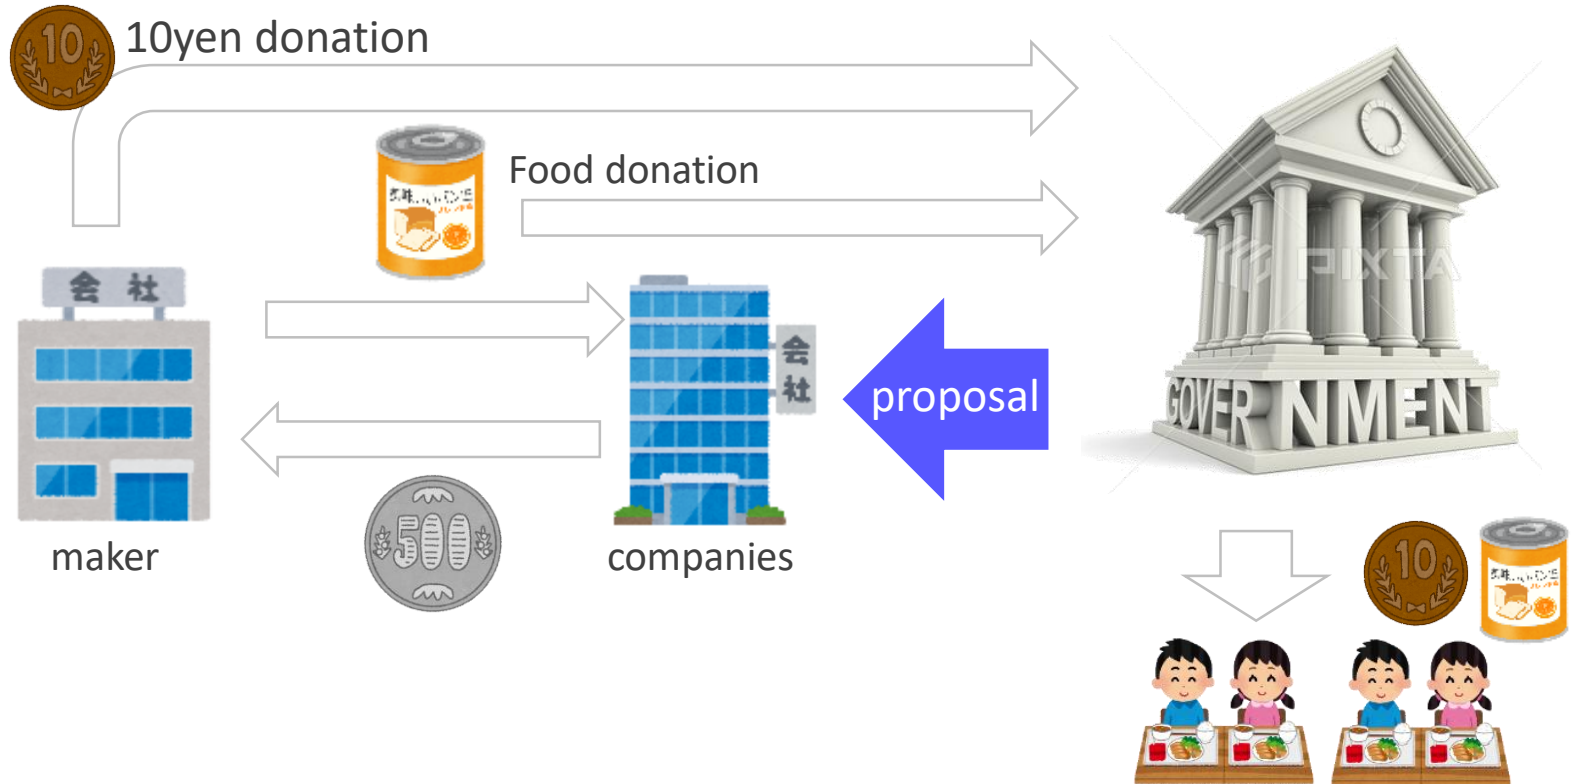

make mutual help communities

Enlighten children

make a bousai future better

Government problems

can be solved
by our products

Conclusion

- 1: Kodomo-syokudous are restaurants for children.
- 2: Most of them need foods and money.
- 3: Many companies pay some disposal cost to trash emergency products.
- 4: My bousai products can help for both Kodomo-shokudous and companies.
- 5: Even government's problems can be solved by these products.
- 6: Through this system, children will be able to learn bousai.
