Special Sponsorship Agreement Concluded with Pacific Consultants for the "World BOSAI Walk Tohoku +10

The World BOSAI Forum (Representative Director: Yuichi Ono) has signed a special sponsorship agreement with Pacific Consultants Co.

Pacific Consultants agrees with the philosophy of the World BOSAI Forum to "eliminate the number of people suffering from disasters" and has been providing significant support for the activities of the foundation.

The agreement was reached as part of Pacific Consultants' 70th anniversary project and to support the activities of the World BOSAI Walk Tohoku+10, which will be held on the 10th anniversary of the Great East Japan Earthquake and Tsunami. The event was realized as part of Pacific Consultants' 70th anniversary project.

Comments from Yuichi Ono, Representative Director

I would like to express my heartfelt gratitude to Pacific Consultants for their special sponsorship of the World BOSAI Walk Tohoku +10. I would also like to express my deepest respect for the 70-year history of Pacific Consultants, which has been working to solve societal problems through its business. The World BOSAI Walk Tohoku +10, which was originally scheduled for September to October 2021, has been postponed due to the impact of the Corona disaster. However, we will use the time gained by this postponement to make preparations, and the secretariat will make further efforts to contribute to the recovery of Tohoku and the progress of disaster risk reduction activities around the world.

Representative Director, World BOSAI Forum

Yuichi Ono
